

Inspiring the learning journey

The VIP has to be the most unique reward celebration in any school! Back in 2010 children were asked what rewards they would like to have in the school. The children were very vocal and listed a huge amount of requests and ideas! The biggest request was to be able to shake the Headteacher's hand when they come up to receive their reward. This happened every time from then on... I hope it continues into the future!

Come on down the red carpet...

Rewards for all occasions were introduced. attendance, learning, team points, values and merits. We also celebrated our sports and outdoor activities. It became a show and definitely not an assembly! Every two weeks we have VIP!

We wanted children to feel really special and ensure this was a memory for life. How best do that but to roll out the red carpet and make them feel like a VIP!
The famous SEJ red carpet to this day is very special indeed!

As Head I wanted to give out an award that really meant something and was unique in itself based on learning. The Golden Ticket was born. I wanted the excitement and initial reactions to happen with the children's nearest and dearest so we posted them to their homes in golden envelopes. Saturday mornings have always been special since that day!

Golden Tickets...

A South End journey like no other by Mr Springett-McHugh, Headteacher 2009-2017

Let's celebrate - VIP Style!
