

Inspiring the learning journey

It is the people that make South End so wonderful! Over 8 years hundreds of amazing children have been on the SEJ journey. Every one of them bringing something new and individual. Supportive and engaging parents have ensured their children uphold the SEJ values. SEJ has always been really lucky at attracting great staff. Many of these 8 years have seen a national problem of recruiting. However, we have always had a strong team of staff making sure SEJ continues to strive and provide the best possible education for our children. As Headteacher during this time I have had many a mad idea and suggestion and it is thanks to the support of our governing bodies at this time that I have been able to lead these forward so successfully to create the amazing culture SEJ is today in 2017.

Southenders — The People!

A South End journey like no other by Mr Springett-McHugh, Headteacher 2009-2017
