

Inspiring the learning journey

The first room we created back in 2009. Pastoral Care and a Nurturing Environment was key to the vision during this period of time. The Den was created as a safe space for all and a real haven away from any worries or concerns out in the real world. The room is always open for all children and can be accessed in a variety of ways. It is soft, cosy and comforting full of resources to reassure, comfort and help make things better! The perfect place for every school!

The Healing Bridge...

You know crossing the Healing Bridge all your worries and niggles will get sorted as you enter the Den!

Even if you are not ready for a human hug, you can sit in the wicker wigwam and receive the virtual hug or cuddle up with lots of teddies and feel truly safe.

The Wicker HUG...

The Den - Caring and Nurturing...

A South End journey like no other by Mr Springett-McHugh, Headteacher 2009-2017
