

14th September 2016

Reading, spelling and times tables information workshop

Dear parents and carers,

You may have heard through your child that we are in the process of switching over to a new reading initiative called Accelerated Reader. Schools who already use it report much improved attitudes towards learning and, consequently, vastly accelerated progress. As it is very different to any other reading scheme used previously, we would like to offer you the opportunity to come into school to find out more about it. In particular, you will learn about the core focus being on understanding and not a child's ability to simply decode words.

We will also use this meeting to share how our new spelling scheme will run this year and the changes we have made to our times tables programme – The Multiples Marathon.

Two workshops will take place on Thursday 29th September – the first at 9:00am and the second at 5:00pm.

If you would like to attend one of the workshops, please return the reply slip below to the office by Tuesday 27th September.

Many thanks for your continued support.

Yours faithfully,

Mrs Lisa Gibbs

Assistant Headteacher
