Friday 27<sup>th</sup> January 2017

Dear Parents and Carers,

How is my child getting on? What do these codes on the Parents' Evening reports mean? How has the school been assessing my child? If these questions sound familiar then great! We know that our parents and carers are enthusiastic in supporting their children and are keen to know how we determine the successes of your children in school. So, we would like to invite you to an information evening on February 9<sup>th</sup> at 5pm.

During this evening, we will be sharing with you how South End Junior finds out the successes and needs of each child, explaining our assessment system and how you are integral in the cycle.

After the huge success of our launch last year of the MADS booklet (the formal methods we use in maths) we are following this up with the launch of our new programme called 'Fractions, The South End Way'. We will be sharing with you how fractions are taught from years 3 to 6 and how deep the children's understanding needs to be in each year group.

Therefore, we hope to see you at the workshop. It is for parents and carers with children in Years 3 to 5 as Year 6 will be covering year group specific needs at their very own SATs evening later this month.

If you would like to attend the workshop please complete the slip and return it to the office by Monday 6<sup>th</sup> February 2017.

Thank you for your continued support.

Ms Clarke and Miss Hill
