@SouthEndJrSch

Dear Parents/Carers

A huge thank you to all parents and carers who attended our parent evening appointments last term. It was fantastic meeting so many of you, and thank you for sharing so many positive comments with me. The children really enjoyed sharing their achievements and took great pride in you sharing their successes too. I also need to mention the fantastic Year 3 production. This was their first time on the South End stage and my goodness their performance was amazing! I look forward to watching them all grow and become even better at their next production.

A huge thank you for supporting Shannon's Smile. Your generosity has been amazing and we are most grateful. This fundraising has demonstrated that once again our community has pulled together for a very worthwhile cause. We have heard that Shannon has begun her treatment in America and it is going well. We hope that Shannon returns to South End during some time in May

The INSET day was spent researching and planning. From September 2019 all primary schools will be teaching children on how to promote healthy lifestyles and healthy relationships. We spent the day planning out age-appropriate subject content and identifying the support that the school will need to deliver high-quality SRE lessons.

This term is as busy as usual! Year 6 will be taking their SATs tests in May. Please be reassured that children will take their tests in a fully supportive manner. Over the years we have got so much better at predicting any concerns or anxieties the children may have. I am certain they will all do well and show us all what a talented bunch they are! If year 6 parents or carers have any questions about SATs week please pop in to see a member of the year 6 team, alternatively check out the assessment page on the school website for the latest SATs information.

This term I am looking forward to working more collaboratively with the infant school and begin to develop a few new site initiatives. Details of these will be shared once they are ready to launch! We all also are looking forward to some dry spring-like weather, it must be our turn now!

See you at the gate!
