@SouthEndJrSch

Dear Parents/Carers

I hope you all had a super Christmas break and enjoyed quality time with your families and friends.

The children have returned to school with a continued buzz of excitement. This term continues to be a busy term with a new doorway of learning to enter!

I am really looking forward to the challenge of being Interim Headteacher until August 2018. The leadership team and I will continue to uphold the high standards set, and ensure South End continues to shine! We will be working hard on the actions left by Ofsted during their visit last year in November 2017.

As usual the calendar is busy and staff are ready to get going! Our Inset day was spent receiving training on 'Talk for Writing'. This enables children to imitate the key language they need for a particular topic orally before they try reading and analysing it. This training was collaborative with the infant school staff to ensure we have the same shared vision on how to further improve our writing.

Mrs Gibbs and I will be at the gate in the morning so please catch us if you need to. I understand how vital working in a partnership with parents/carers is in order for the children to be successful and happy learners.

Happy New Year to you all and see you at the gate!

Thank you all for your continued support.

Miss G Kaur

Interim Headteacher
