Music at South End Junior School

Music at South End Junior School is exciting and is intended to encourage an appreciation of music in our children.

The music curriculum focuses on the following key skills:

- ♪ Exploring
- ♪ Improvising
- ♪ Creating
- ♪ Presenting
- ♪ Responding
- ♪ Evaluating

These skills are taught through highly practical lessons which progress year on year.

There are many opportunities for your children to demonstrate their own musical talents within the school. They can do this through:

School performances

Every child at South End Junior School gets their chance to demonstrate their singing and acting skills in our school performances. Years 4 and 5 put on a Traditional and Modern Christmas performance. Year 3 perform at Easter and Year Six are in charge of the big End of Year performance after their SATs.

Summer Concert

A double performance of the children's musical ability takes place during the summer months at school and is a wonderful extravaganza of musical talent.

Music lessons

Our time-tabled music sessions in which your child will be given many practical opportunities to show their skills.

Music clubs

The school offers music lessons for those wishing to learn recorders, drums, guitar, violin, clarinet and flute.

We also have a school Choir which takes place after school.
