Head's Update

Keeping you informed: Miss Kaur—Headteacher

Tuesday 17th March 2020

Dear parents/carers

Further to my letter to yesterday, I am sure most of you are aware that the official advice on self-isolation has now changed and is now as follows;

- Self-isolation now applies to whole households even if only one person is showing one symptom or more – all siblings from all schools of affected households must remain at home.
- Self-isolation period has now increased from 7 to 14 days.

Please ensure that we have up to date phone numbers as, at the first sign of fever or a new cough, we must be able to contact you for your child to go home.

If you are asked to collect your child, please remember that if they have siblings at other schools, you will have to arrange to collect them also.

We will be cancelling all assemblies, VIP celebrations and unnecessary gatherings until further notice.

Rest assured that we continue to take appropriate measures in school to attempt to delay the spread of this virus and that these measures are under constant review and up-date.

Yours sincerely

Gurdip Kaur

Headteacher
